NORDSTROM NURSERY CO.
Gallitzin, Pennsylvania

TERMS. No packing charges on plants we ship except on balled and burlapped items. Packing is then charged at actual cost. All transportation paid by customer.

PRICES ARE NET. Remittance with order. C. O. D. shipments are made only when one-third of amount of order is remitted with order.

MAILING CHARGES. Since it is impossible to state just what the postage will be on plants we request that 10c postage be remitted for each dollar's worth ordered. Any unused balance will be refunded. About 1500 small seedlings or 500 transplants is about the limit for mailing in one package.

RATES. 25 plants are sold at the 100 rate; 250 at the 1000 rate. Lots of over 10,000 of one variety at a discount of 10%.

SIZES given are average and may vary a little.

PRICES given here will not apply to personal selections at nursery.

GUARANTEE. Do to the many factors entering into the survival of plants we do not give any guarantee as to the survival or growth of the plants we sell. We exercise extreme care at all time to furnish good stock.

Evergreen Seedlings and Transplants

(S—indicates seedlings. Each T—one transplanting)

JAPANESE RED PINE. An excellent rapid growing tree for mass planting and quick returns as Christmas trees. May be sheared to form a dense tree. Light green foliage.

4-8 in. S. Per 100 \$1.25; 1000 \$6.00

8-12 in. S. Per 100 \$1.50; 1000 \$7.00

AUSTRIAN PINE. Deep rich green foliage on stout limbs. Very hardy and withstands smoky atmosphere and sea shore spray. Fairly rapid grower and a beautiful ornamental tree.

2-4 in. S. Per 100 \$1.50; 1000 \$7.50

2-5 in. T. Per 100 \$2.00

NORWAY RED PINE. A rapid growing pine with glossy green foliage. Hardy and reliable anywhere.

2-4 in. S. Per 100 \$1.50; 1000 \$7.00

4-6 in. S. Per 100 \$1.75

SCOTCH PINE. Very rapid grower and best for windbreaks, Christmas trees and forestry. Given plenty of room to develop they make fine specimens. Characteristics vary with source of seed. We use only selected seed from a definite source.

3-6 in. S. Per 100 \$1.00; 1000 \$5.50

5-8 in. S. Per 100 \$1.25; 1000 \$6.25

RIGA SCOTCH PINE. A variety of scotch pine chosen for its straight growing habits,

otherwise similar to above variety of scotch pine.

3-5 in. S.	Per 100	\$1.00;	1000	\$ 6.00
5-8 in. S.	Per 100	\$1.25;	1000	\$ 7.00
3-6 in. T.	Per 100	\$2.00;	1000	\$12.00

PONDEROSA PINE. A fine ornamental tree with long needles on stout, flexible branches that withstand heavy winds. Rapid grower when established. From Colorado seed.

3-6 in. S.	Per 100	\$1.00;	1000	\$5.50
4-8 in. T.	Per 100	\$2.00		
8-10 in. T.	Per 100	\$2.25		

BANKS PINE. Fastest growing of all evergreens we offer and makes good growth even in the poorest soil. Can be sheared without damage. Makes quick and rugged wind-breaks.

6-12 in. S.	Per 100	\$1.25;	1000	\$6.00
------------------	---------	---------	------	--------

NORWAY SPRUCE. Seed from an European source which makes a somewhat slower growing but more dense tree. Dark green foliage. Most popular for windbreaks and Christmas trees.

2-5 in. S.	Per 100	\$1.25;	1000	\$6.00
-----------------	---------	---------	------	--------

CONCOLOR FIR. A rival of the blue spruce with grayish blue foliage, broadly pyramidal, rather open when small but forms a compact tree of great beauty when older. Also used for high grade Christmas trees.

2-5 in. S.	Per 100	\$2.00;	1000	\$8.00
-----------------	---------	---------	------	--------

DOUGLASS FIR. Narrow symmetrical in shape with color varying from yellowish to bluish green, easily trimmed and will stand some shade.

2-3 in. S. (2yr.)	Per 100	\$2.25;	1000	\$7.00
-------------------	---------	---------	------	--------

RETINISPHORA. Hinoki cypress. A low evergreen with lacy, dark green foliage. Sheared, will make an ideal bush specimen.

2-3 in. S.	Per 100	\$1.50;	1000	\$7.00
-----------------	---------	---------	------	--------

EUROPEAN LARCH. While not an evergreen it has the appearance of one in the summer. Sheds its needles in the fall. New needles in the spring are bright green. An ideal tree for a mixed group and makes a fine specimen. Rapid grower.

6-8 in. S. Per 100 \$1.50; 1000 \$ 8.00

8-12 in. S. Per 100 \$2.00; 1000 \$10.00

LIMBER PINE. A long needled pine with bluish foliage.

3-6 in. T. Per 100 \$2.50

PROSTRATE JUNIPER. Grows in a vase shape. Grayish green foliage, silvery underneath. A low growing evergreen. Does best in full sun.

4-8 in. T. Per 10 60c; 100 \$5.00

BALSAM FIR. Dark green glossy leaves. Much used for Christmas trees where they can be grown successfully. Require moist soil.

4-8 in. T. Per 25 \$1.50; 100 \$5.00

CANADA HEMLOCK. A familiar tree of the forests. Requires moist soil and some protection to become established. Withstands shade. From northern seed which produces a hardier tree.

3-6 in. S. Per 25 75c; 100 \$2.00

RED CEDAR. Tall pyramidal shape. Light green in spring and darkens as season advances. Much used for formal effects in landscape work.

3-6 in. S. Per 25 75c; 100 \$2.00

RHODODENDRON MAXIMUM. White flowers. Requires acid soil. Semi-shade.

3-6 in. S. Per 25 \$1.00; 100 \$3.00

KALMIA LATIFOLIA. Mountain Laurel. Pink flowers, requires acid soil but not so particular as rhododendron. Will do well in full sun.

3-6 in. S. Per 25 \$1.00; 100 \$3.00

Small Ornamental Evergreens

AMERICAN PYRAMIDAL ARBORVITAE.

Tall slender tree, compact with lacy foliage. Much used as accent points in plantings and also for hedges and screens.

10-12 in. TTT. Each 25c; 10 for \$2.25

WOODWARDS GLOBE ARBORVITAE.

Rapid grower. Dense ball shape for formal effects.

5-6 in. ball. TT. Each 25c; 10 for \$2.00

SAVIN JUNIPER. Low, many branched shrub, well covered with short tufted dark green foliage.

8-12 in. TTT. Each 20c; 10 for \$1.75

SWEDISH JUNIPER. Similar to the Irish juniper but more hardy in the north. Narrow columnar growth. Light glaucous green foliage.

12-15 in. TT. Each 40c; 10 for \$3.75

MUGHO PINE. Dwarf many branched low growing plant with dark green needles. May be sheared to shape.

10-12 in. wide. TTT. Each 50c; 10 for \$4.00

Vines and Ground Covers

PACHYSANDRA. Terminalis. Evergreen Spurge. Splendid ground cover with dark green glossy foliage forming a dense mat. Very hardy and does best in shade.

4-8 in. bed plants. 25 for \$1; 100 for \$3

VINCA MINOR. Myrtle. Evergreen.

4-6 in. clumps. Each 12c; 10 for \$1.00

EUONYMUS Radicans. Evergreen Bittersweet. Wintercreeper. A strong growing variety with glossy leaves.

4-6 in. T. Each 20c; 10 for \$1.50

HALLS JAPAN HONEYSUCKLE. A very rapid grower with white to yellow flowers which are very fragrant. Almost evergreen in protected places. Will climb on supports. Much used for covering large banks. With 12 to 18 inch runners.

Each 10c \$8.00 per 100

A M E R I C A N BITTERSWEET. *Celastrus scandens*. Unequaled as a porch vine with its bright red berries in the fall. 6 to 12 inch divisions.

10 for 50c 100 for \$3.50

VIRGINIA CREEPER. Quick growth with crimson fall foliage. Leaves are large with sharp points. Will cling to almost anything.

12 to 18 in. plants. Each 15c; 10 for \$1.00

Ferns

For the first time we offer collected ferns. Gathered under most favorable conditions from the mountain regions. This class of stock has proved to be a very cheap source of this material and very satisfactory.

MAIDENHAIR FERN. *Adiantum pedatum*. Very graceful fern growing 12 to 18 inches. Requires moist well drained and shady location. Plant below surface.

E B O N Y SPLEENWORT. *Asplenium*. About 12 inches high and suited for rockwork.

HAYSCENTED FERN. *Dicksonia punctiloba*. Grows either in sun or shade, a handsome vigorous species.

CINNAMON FERN. *Osmunda cinnamomea*. Often five feet high. Grows in open or shade and prefers rich, moist humus soil.

ROYAL FERN. *Osmunda regalis*. Pale green fronds, one of the prettiest large ferns. Moist soil, sun or shade. Will do well in watery situations.

Prices on all ferns, heavy clumps or plants

15c each. Special prices in quantities.

Small to medium sized roots \$4.00 per 100

Small Deciduous Shrubs

(Figures following the name indicates ultimate height)

WINTER HONEYSUCKLE. Fragrantissima. 6-7 inches. Highly perfumed white flowers in early spring.

18-24 in. Each 10c; 80c for 10

VANHOUTTE SPIREA. 7-8 inches. Lovely white flowers in profusion.

18-24 in. Each 10c; \$8.00 per 100

HYDRANGEA. P. G. Late Hydrangea. 8-9 inches. Showy conical flower heads, white, turning to purple in late summer.

18-24 in. Each 20c; 10 for \$1.80

HYDRANGEA. A. G. Snowhill Hydrangea. 4-5 inches. Great round white flower heads in summer.

12-18 in. Each 12c; 10 for \$1.00

TATARIAN HONEYSUCKLE. 9-10 inches. Lovely rosy-red flowers followed by red berries.

18-24 in. Each 10c; 10 for 75c

KOLKWITZIA. Beauty Bush. 5-6 inches. Graceful arching branches covered with pink bell shaped flowers in June.

10-12 inches transplanted

Each 20c 10 for \$1.50

ERROR - ULTIMATE HEIGHT SHOULD READ FEET INSTEAD OF INCHES.

FORSYTHIA. Showy border type. 6-7 inches. Countless golden flowers in early spring. The best of the forsythias.

12-18 in. Each 10c; 10 for 75c

Dogwoods

GRAY DOGWOOD. *Paniculata*. 10-12 inches. Creamy-white flowers with bluish-white berries in numerous clusters on red stems. Ideal for massing. Does best in shady, moist places.

6-12 in. transplants 10 for 50c

SILKY DOGWOOD. *Amomum (sericea)*. 8-9 inches. Bluish fruits in the fall following the white flowers. Good in swampy places.

6-12 in. transplants 10 for 50c

GOLDENTWIG DOGWOOD. *Lutea*. 6-8 inches. White flowers with brilliant yellow bark. Moist shady place.

12-18 in. transplants 10 for 80c

BLOODTWIG DOGWOOD. *Sanguinea*. 8-9 inches. White flowers, red branches, black fruit. Moist shady or protected places.

6-8 in. transplants 10 for 50c

RED OSIER DOGWOOD. 7-8 inches. Dark red bark, white fruits, white flowers.

12-18 in. transplants 10 for 75c

P A G O D A DOGWOOD. *Alternifolia*. Small tree to 15 feet. Bluish black fruit on red stems with pale yellow flowers.

8-12 in. transplants 10 for 75c

Shrubs for Mass Planting

CALLICARPA. American Beautyberry. 4-5 inches. Bluish flowers in May. Violet fruit.

12-18 in. S. \$6.00 per 100

CYDONIA JAPONICA. Flowering Quince. 4-5 inches. Deep green foliage, rich scarlet flowers.

12-18 in. S. \$6.00 per 100

DEUTZIA. Pride of Rochester. 9-10 inches. Countless whitish-pink flowers.

12-18 in. S. \$5.50 per 100

EXOCHORDA. Pearlbush. 6-8 inches.
Dazzling white flowers from buds like pearls.
12-18 in. S. \$7.00 per 100

Azaleas

CALENDULACEA. Flame Azalea. Lovely native plant with gaudy orange flowers in great profusion. Acid soil.

8-10 in. Each 30c
12-18 in. Slender 10 for \$1.50

NUDIFLORA. Pinxterbloom. Must be cut back to branch.

12-18 in. Slender 10 for \$1.25

Hedge Plants

JAPANESE BARBERRY. Green leaf.
4-8 in. S. \$1.40 per 100

AMUR PRIVET. Hardy type.
18-24 in. 2 or more branches \$4.00 per 100

Deciduous Trees

(Small sizes)

SILVER MAPLE.

18-24 in. T. Per 10 50c
24-30 in. T. Per 10 75c

HARD OR SUGAR MAPLE.

Same prices as above

WHITE FLOWERING DOGWOOD.

18-24 in. T. \$1.20 for 10

AMERICAN WHITE ASH.

2-3 ft. S. Per 10 50c; 100 \$3.50

AMERICAN GREEN ASH.

2-3 ft. S. Per 10 50c; 100 \$3.50

RED OAK.

2-3 ft. S. Per 10 \$1.20; 100 \$10.00

(Can furnish above in small seedling sizes in quantity.)

CHRISTMAS TREE PLANTING

Number of square feet per acre, 43560 square feet; 208 $\frac{3}{4}$ feet one side of an acre.

Planted 4x4 feet requires 2725 trees; 5x5 feet 1745 trees; 4x5 feet requires 2178 trees; 6x6 feet 1210 trees. (5x5 and 6x6 are the best.)

FOR CHRISTMAS TREES

**Evergreen Seedlings and
Transplants**

(S—indicates seedlings. Each T—one transplanting)

JAPANESE RED PINE. An excellent rapid growing tree for mass planting and quick returns as Christmas trees. May be sheared to form a dense tree. Light green foliage.

4-8 in. S. Per 100 \$1.25; 1000 \$6.00

8-12 in. S. Per 100 \$1.50; 1000 \$7.00

AUSTRIAN PINE. Deep rich green foliage on stout limbs. Very hardy and withstands smoky atmosphere and sea shore spray. Fairly rapid grower and a beautiful ornamental tree.

2-4 in. S. Per 100 \$1.50; 1000 \$7.50

2-5 in. T. Per 100 \$2.00

SCOTCH PINE. Very rapid grower and best for windbreaks, Christmas trees and forestry. Given plenty of room to develop they make fine specimens. Characteristics vary with source of seed. We use only selected seed from a definite source.

3-6 in. S. Per 100 \$1.00; 1000 \$5.50

5-8 in. S. Per 100 \$1.25; 1000 \$6.25

NORWAY SPRUCE. Seed from an European source which makes a somewhat slower growing but more dense tree. Dark green foliage. Most popular for windbreaks and Christmas trees.

2-5 in. S. Per 100 \$1.25; 1000 \$6.00
